

COMPARING YOUR CURRENT AND THE PROPOSED SERVICE

QUESTION	CURRENT SUPPLIER	MOBILE ON-SITE SHREDDING
How many times is the back of the truck containing your bin opened before the truck arrives at the depot for shredding?	?	Never
How many times is your bin removed from the truck to allow the driver to gain access to another empty bin?	?	Never
How long is the time between when the documents for destruction are taken away and when they are destroyed?	?	Document destructions takes approximately five minutes
Is it possible to stockpile un-shredded confidential documents so they can be shredded in a later “run”?	Yes	No. All documents are shredded onsite; they can't be stockpiled
How many people have access to your confidential documents when they are in a readable form at another location?	?	None. The documents are shredded in the truck before we take them away for recycling
To be certain the documents have been destroyed, are you easily able to witness the documents being shredded?	No	Yes. It is just a simple walk to the mobile document destruction shredding truck.
To derive a higher price when sold to recyclers, so workers separating the higher-grade white paper from the lower grade coloured, sort through documents confidential to your staff, suppliers, customers, management, etc.?	Yes	No. We shred your documents immediately, unsorted and recycle it as “mixed grade”.
